# Competition Task

Please follow the steps below to get access to the Competition Source Code Repository.

The instructions of the tasks can be found on the **readme.md**

1. Create a **GitLab** account here: http://git.mvp.studio/users/sign_in
2. Navigate to http://git.mvp.studio/talent-competition/talent-competition

3. Navigate to the Talent-Competition Project page and copy the URL of the repository

4. Open Visual Studio, open the Team Explorer, and select 'Clone' under 'Local Git Repositories'

5. Paste the URL from the Talent-Competition repository into the 'Enter the URL…' field.
6. Select a folder for your local repository.
7. Click the 'Clone' button, and enter your git.mvp.studio credentials when prompted.
8. Open the project.
